Mary Riley Solutions Limited
Funding Procurement

The Advantages:

Funding and Cash Flow Management

We will guide you through the funding / mortgage process also assisting you to identify your cash flow requirements during the construction period. Cash Flow management is vital ensuring all suppliers are paid on time and “The Money Pot” does not run out of funds!

Documentation

Once your mortgage is agreed in principle, we will provide guidance regarding the necessary supporting documentation. On completion of your application and receipt of the supporting documentation, including your build plans, with your approval we may liaise with the lending institution and your Contributing Professional Service Providers.

Valuations

On receipt of your valuation report, we will compare the stage valuations with your stage costs to assist you to verify the amount to be released at each stage. This is a crucial to ensure that your lender is able to provide a mortgage / lending facility that meets with your needs.

Formal Offer

With your approval we may liaise with the lending institution until your formal Mortgage Offer is produced checking the stage release conditions to ensure that the offer correctly reflects the requirements you stated to the lender!

Panel of Solicitors

We can put you in touch with a solicitor(s) who has expert knowledge of stage release/self-build finance to help you through the legal process.

Insurances

We can arrange for quotations for the non-regulated insurances associated with the build, such as Site Insurance and Structural Warranty. Defective Title Insurance.
